The Navarro County Animals at Risk Foundation is dedicated to saving lives by preventing births of unwanted dogs and cats in Navarro County. We will assist with the cost of spay/neuter surgeries; you will make your own appointment at a participating veterinarian. After we receive this form we will pay a portion of the cost of the spay/neuter surgery for each pet (up to five pets per household). You will need to bring your voucher with you to the vet the morning of the appointment. The veterinarian must bill us directly for the amount on the voucher to be reimbursed. All vouchers must be used within 30 days of issue.

Thank you, and congratulations on making the right choice in getting your pet spayed or neutered!
